Appendix M #1: Reasonable Distance, Recertification Period, Family Share, Very Low Income, Federal and Local Priorities

I. Reasonable Distance

Define “reasonable distance” based on community standards for determining accessible child care.

1. The following defines “reasonable distance”:

Chemung County DSS defines reasonable distance as 22 miles between home or work with child care accessible along the way.

2. Describe any steps/consultations made to arrive at your definition:

Contacted the Chemung County Planning Board to determine the distance between county borders. Considered the location of major employers in Chemung County. Consulted the Chemung County Transit to determine the accessibility of bus routes throughout the county. Considered the location of licensed and regulated child care providers throughout the county.

II. Recertification Period

The district’s recertification period for low income child care cases is every:

○ Six months
○ Twelve months

III. Family Share

Chemung County: Child Care
"Family Share" is the weekly amount paid towards the costs of the child care services by the child's parent or caretaker. Your district must select a family share percentage from 10% to 35% to use in calculating the amount of family share. The weekly family share of child care costs is calculated by applying the family share percentage against the amount of the family's annual gross income that is in excess of the State Income Standard divided by 52.

Family Share Percentage selected by the district:

25%

Additional Description of this Family Share Percentage:

Note: The family share percentage selected here must match the percentage entered in the Program Matrix in the Welfare Management System (WMS).

IV. Very Low Income

Define "very low income" as it is used in determining priorities for child care benefits.

"Very Low Income" is defined as 100% of the State Income Standard.

V. Federal and Local Priorities

1. The district must rank the federally mandated priorities. Cases that are ranked 1 have the highest priority for receiving child care assistance. These rankings apply to case closings and case openings.

   a. Very low income as defined in Section IV:

      ✔ Rank 1
      ☐ Rank 2
      ☐ Rank 3

   b. Families with incomes up to 200% of the State Income Standard that have a child with special needs and a need for child care:

      ☐ Rank 1
      ☐ Rank 2
      ✔ Rank 3

   c. Families with incomes up to 200% of the State Income Standard that are experiencing homelessness:

      ☐ Rank 1
      ✔ Rank 2
      ☐ Rank 3

2. Does the district have local priorities?

   ☐ Yes
   ✔ No

Appendix M #2: Case Openings, Case Closings, and Waiting List

I. Case Openings When Funds Are Limited

If a social services district does not have sufficient funds to provide child care services to all families who are applying, the district may decide to open certain categories of families as funds become available. The district must open federal priorities first. If the district identified local priorities, they must be opened next. After the federal and local priorities, identify the basis upon which the district will open cases if funds become available. Select one of the options listed below and describe the process for opening.

- 1. Open cases based on **FIRST COME, FIRST SERVED**.
- 2. Open cases based on **INCOME**.

  **If opening based on income...**
  - The district will open cases starting from the lowest income to the highest income.
  - The district will open cases based on income bands, starting from the lowest income band to the highest income band.

    If using income bands, list the bands, starting from the one that will be opened first:

- 3. Open cases based on **CATEGORY OF FAMILY**.
- 4. Open cases based on **INCOME AND CATEGORY OF FAMILY**.
- 5. Open cases based on **OTHER CRITERIA**.

II. Case Closings When Sufficient Funds Are Not Available

If a social services district does not have sufficient funds to continue to provide child care assistance to all families in its current caseload, the district may decide to discontinue child care assistance to certain categories of families. The district must close federal priorities last. If the district identified local priorities, they must be closed next to last. After the federal and local priorities, describe the basis upon which the district will close cases if sufficient funds are not available.

If no priorities are established beyond the federally mandated priorities and all funds are committed, case closings for families that are not eligible under a child care guarantee and are not under a federally mandated priority must be based on the length of time they have received services (must choose #1 below).

Select one of the options listed below and describe the process for closing.

- 1. Close cases based on **AMOUNT OF TIME** receiving child care services.
- 2. Close cases based on **INCOME**.
If closing based on income...

- The district will close cases starting from the highest income to the lowest income.
- The district will close cases based on income bands, starting from the highest income band to the lowest income band.

If using income bands, list the bands, starting from the one that will be closed first:

- 3. Close cases based on CATEGORY OF FAMILY.
- 4. Close cases based on INCOME AND CATEGORY OF FAMILY.
- 5. Close cases based on OTHER CRITERIA.

III. Waiting List

The district will establish a waiting list when there are not sufficient funds to open all eligible cases.

- No
- Yes

Appendix M #3: Fraud and Abuse Control Activities and Inspections

I. Fraud and Abuse Control Activities

1. Describe below the criteria the district will use to determine which child care subsidy applications suggest a higher than acceptable risk for fraudulent or erroneous child care subsidy payments in addition to procedures for referring such applications to the district’s front-end detection system.

Criteria:
- applicant is working off the books (currently or previously)
- current application is inconsistent with prior case information
- applicant has a prior history of denial, case closing or overpayment resulting from an investigation (ie: FEDS, Fraud)
- no absent parent information or information is inconsistent with prior application
- no documentation to verify the applicant’s identity
- applicant cannot provide birth certificate for a child younger than 6 years of age
- applicant is self-employed but cannot provide adequate business records to support financial assertions
- documents or information provided is inconsistent with application
- PO box used as a mailing address without reasonable explanation
- applicant is unsure of own address
- child care provider lives in the same household as the child

Referral to district's FEDS unit are as follows:

The LDSS TANF eligibility worker or the Child Care Council's Subsidy Specialist identifies an application that meets one or more of the above criteria and completes a referral in the Special Investigation Unit (SIU) computer program within one business day of the eligibility interview. All referrals are tracked in the SIU program. All supporting documentation is provided to the SIU unit and entered into the SIU case file. The SIU unit conducts an investigation and notifies the LDSS TANF eligibility worker or the Child Care Council's Subsidy Specialist of the results of the investigation.

2. Describe the sampling methodology used to determine which cases will require verification of an applicant’s or recipient’s continued need for child care, including, as applicable, verification of participation in employment, education, or other required activities.
The district cannot use criteria such as the age of provider, the gender of provider, a post office box address, or evidence that the child lives in the same residence as the provider as indicators in drawing the sample.

Temporary Assistance cases are re-certified every 6 months and low income child care cases every 12 months. In both instances, verification of need for child care, including verification in employment, education, or other required activities must be provided. All cases are also reviewed throughout the certification period when changes are reported and verification affecting eligibility must be provided. A random sample of 40 active low income cases which is 10% of the 400 cases will be audited each year.

3. Describe the sampling methodology used to determine which providers of subsidized child care services will be reviewed for the purpose of comparing the child care provider’s attendance forms for children receiving subsidized child care services with any Child and Adult Care Food Program inspection forms to verify that child care was actually provided on the days listed on the attendance forms.

Chemung County contracts with the Chemung County Child Care Council to administer the Child Care Subsidy program. The Child Care Council is also the sponsor for the Child Adult Care Food Program. The Child Care Council’s Parent Services Supervisor will conduct a review on a quarterly basis. The review will consist of at least 20 child care subsidy cases. The Council’s Parent Services Supervisor will compare child attendance forms for the subsidy program and the CACFP program and also the on-site monitoring forms completed by the Council’s CACFP Specialist. The Council’s Parent Services Supervisor will look for any discrepancies in the days and hours the child is reported in care in each of the programs.

If there are any discrepancies in the days and hours being billed between each of the programs, the Council’s Parent Services Supervisor will review the subsidy file to compare the days and hours the parent was approved for child care to determine if there is a clear reason for any discrepancy.

II. Inspections of Child Care Provider Records and Premises

The district may choose to make announced or unannounced inspections of the records and premises of any provider/program that provides child care for subsidized children to determine if the child care provider is in compliance with applicable laws and regulations and any additional requirements imposed on such a provider by the social services district per 18 NYCRR §415.4(h)(3).

The district has the right to make inspections prior to subsidized children receiving care of any child care provider, including care in a home, to determine whether the child care provider is in compliance with applicable laws and regulations and any additional requirements imposed on such a provider by the district.

The district must report violations of regulations as follows:
1. Violations by a licensed or registered child care provider must be reported to the applicable Office of Children and Families (OCFS) Regional Office.
2. Violations by an enrolled or enrolling legally-exempt child care provider must be reported to the applicable Enrollment Agency.

Does the district choose to make inspections of such child care providers/programs?

- No.
- Yes. Provide the details of your inspections plan below.

The following types of subsidized child care providers/programs are subject to this requirement:

- **Legally-Exempt Child Care**
  - In-Home
  - Family Child Care
  - Group programs not operating under the auspices of another government agency
  - Group programs operating under the auspices of another government agency

- **Licensed or Registered Child Care**
  - Family Day Care
  - Registered School-Age Child Care
  - Group Family Day Care
  - Day Care Centers
  - Small Day Care Centers

Therefore, any local equivalent forms a district wishes to establish or renew must be included in this plan and will be subject to review and approval by OCFS.

List below the names and upload copies of the local equivalent form(s) that the district would like to use.
19. The district elects to use the OCFS-6025, Application for Child Care Assistance. The local district may add the district name and contact information to the form.

Appendix Q: Additional Local Standards for Child Care Providers

The district may propose local standards in addition to the State standards for legally-exempt providers who will receive child care subsidies issued by the district. This appendix must be completed for each additional local standard that the district wants to implement.

The district must coordinate with the local Enrollment Agency, including, but not limited to:

- Informing the Enrollment Agency of the intent to request an additional standard.
- Developing the stepwise process referenced in Question 5.
- Ensuring that no significant burden of work shall be incurred by the Enrollment Agency as a result of the additional local standard, unless such work is addressed in a separate contract or a formal agreement is in place, which are referenced in Question 3.
- Sharing any consent/release form that may be required.
- Keeping the Enrollment Agency informed of the approval status.

1. Select the additional local standard that will be required of child care providers/programs.

- Verification, using the district's local records, that the provider has given the caretaker complete and accurate information regarding any report of child abuse or maltreatment in which he or she is named as an indicated subject

- Local criminal background check

- Require providers caring for subsidized children for 30 or more hours a week participate in the Child and Adult Care Food Program (CACFP).

*Note that districts are required to notify the Enrollment Agency, using the OCFS-2114, District Notification to Legally-Exempt Caregiver Enrollment Agency, of all providers on the referral list for whom the requirement is "not applicable."

2a. Exceptions: There may be instances when the district may be unable to enact the additional standard, such as, the applicable person may reside outside of the district’s jurisdiction, or the site of care may not be located within the district. In such cases, the district may create an exception to the applicability stated above.

Note: The Child Care Facility System cannot track such exceptions and, therefore, the district remains responsible for notifying the applicable Enrollment Agency, using the OCFS-2114, District Notification to Legally-Exempt Caregiver Enrollment Agency, that an additional standard is “not applicable” to the specific provider/person named on the referral list.

Place a check mark below to show any exception to the applicability of this Local Additional Standard to programs or roles previously identified.

a. The district will not apply this additional local standard when the applicable person resides outside of the subsidy-paying district.

b. The district will not apply this additional local standard when the program's site of care is located outside of the subsidy-paying district.

c. The district will not apply this additional local standard when the informal provider is younger than 18 years of age.

3. Districts are responsible for implementation of the additional local standard unless they have a formal agreement or contract with another organization. Check the organization that will be responsible for the implementation of the additional local standard.

The local district and the district’s contractor will include a “Notification of Chemung County Additional Local Standard for the Enrollment of Legally-Exempt Family Child Care Providers, In-Home Child Care Providers, and Legally-Exempt Group Providers Authorization & Release Form” in the enrollment packets it distributes to parents which will allow the Chemung County Department of Social Services (CCDSS) to conduct a check of the local child welfare records related to the child care attestations for the sole purpose of verifying the accuracy of the information submitted to the parent/caretaker per 18 NYCRR § 415.4(f)(7)(ii).

2. The individuals specified in question #2 above will be asked to sign and date the Notification of Chemung County Additional Local Standard for the Enrollment of Legally-Exempt Family Child Care Providers, In-Home Child Care Providers, and Legally-Exempt Group Providers Authorization & Release Form.

3. The signed release(s) is/are required, for all persons in the roles specified in question #2, for the enrollment packet to be considered complete. If any of the individuals checked in question #2 above refuses to sign the release, which would allow CCDSS to review only the existing local child welfare records related to the child care attestations, the enrollment package will be considered incomplete and the enrollment process cannot move forward and will be withdrawn by the enrollment agency in accordance with State policy. All the required authorizations must be received and recorded in the Child Care Facility System (CCFS), before the EA may determine the enrollment package to be complete.

4. To initiate the additional standards check, per NYS OCFS policy, the CCFS will automatically generate the referral for the applicable child care program types and individual roles, specified in question #2 above, to the CCDSS. The CCDSS must run the Legally-Exempt Additional Standards Referral List in CCFS to obtain the list of enrolling/enrolled/re-enrolling Legally-Exempt Family Child Care Providers and other individuals for whom a determination is required. However, since CCFS cannot identify any “Exceptions” stated in question #2, the CCDSS must identify the exceptions. When a referred individual is subject to an exception specified in question #2, the additional standard will not apply and the District will notify the applicable enrollment agency that the additional standard is "not applicable" to the individual.

5. The local district will conduct the check of the local database to determine whether an individual
checked in question #2 above is an indicated subject of a child abuse or maltreatment report. When the local records check reveals that an individual specified in question #2 above is an indicated subject of a child abuse or maltreatment report, the Chemung County DSS will notify the child care provider that he/she has 10 calendar days to submit to CCDSS a copy of the "Child Abuse and Maltreatment History Attestation Form" provided to the parent/caretaker concerning the indicated incident(s). This form must be signed by the parent/caretaker acknowledging receipt of this information and the parent/caretaker's wish to use this child care provider.

6. If the information regarding the indicated child protective report submitted by the provider on the Child Abuse and Maltreatment History Attestation Form does not substantially correlate with the information obtained during the local records check, the CCDSS will notify the provider that he or she has ten (10) calendar days to clarify the discrepancies in the information submitted to the district and parent/caretaker. Within the ten (10) calendar day period, the provider must submit information to CCDSS and the parent/caretaker that either substantially correlates with the information obtained by the district’s local database check of the records related to the child care attestations or the provider submits information to the district which documents that the information obtained from the local database check of the records related to the child care attestations is inaccurate. If the provider fails to clarify the discrepancies the CCDSS will notify the Enrollment Agency that the additional standard is "not met."

7. If the information on the "Child Abuse and Maltreatment History Attestation Form" regarding the indicated child protective report submitted by the provider to the parent/caretaker and the local district correlates with the information obtained from the local database check, the District will notify the Enrollment Agency that the additional standard has been "met." When the local records check reveals that an individual specified in questions #2 is not an indicated subject of a children abuse or maltreatment report, the CCDSS will notify the Enrollment Agency that the additional standard "met".

8. When a referred individual is subject to an exception specified in question #2, the additional standard will not apply and the District will notify the applicable enrollment agency that the additional standard is "not applicable" to the individual.

• The district will not apply this additional local standard when the applicable person resides outside of the subsidy-paying district.

• The district will not apply this additional local standard when the informal provider is younger than 18 years of age.

9. For legally-exempt child care providers referred through CCFS and are specified in question #2, the CCDSS will determine whether the additional standard was "met," "not met" or "not applicable" as stated above. The CCDSS will record the results on the OCFS-2114 District Notification to Legally-Exempt Caregiver Enrollment Agency form. This notification will be given/mailed to the applicable Enrollment Agency within 25 days of the CCFS referral date so that she/he may take any necessary action.

6. Indicate how frequently the additional local standard will be applied. Answer both questions.

1. The Standard will be applied:

- ☑ At initial enrollment and re-opening
- ☑ At each re-enrollment

2. The district will assess compliance with the additional local standard:

- ☑ During the enrollment review period, and the district will notify the Enrollment Agency of the results within 25 days from the E-Notice referral date.
During the 12-month enrollment period, and the district will notify the Enrollment Agency of the results promptly. Note that this option is always applicable to an additional local standard requiring participation in CACFP.

7. Describe the justification for the additional local standard in the space below.

The local district wants to make sure that providers have told parents/caretakers about known indicated child protective histories for themselves and any other persons specified in #2. The additional standard supports 18 NYCRR § 415.4(f)(7)(ii), a State requirement for enrollment which requires the provider and relevant site persons have given the parent true and accurate information regarding indicated child protective reports. The additional standard verifies the provider is telling the truth on the enrollment form. This promotes safer child care for children by verifying that true and accurate information about a caregiver’s history has been shared with the child(ren)’s parent/caretaker.

services and the child receives subsidized child care services, form a different provider, on the same day.

Appendix T: Transportation, Differential Payment Rates, Enhanced Market Rate for Legally-Exempt Providers, Legally-Exempt Programs, and Sleep

1. Are there circumstances where the district will reimburse for transportation?
   - [ ] No
   - [ ] Yes

2. If the district will reimburse for transportation, describe any circumstances and limitations the district will use to reimburse. Include what type of transportation will be reimbursed (public and/or private) and how much your district will pay (per mile or trip). Note that if the district is paying for transportation, the Program Matrix in the Welfare Management System (WMS) should reflect this choice.

II. Differential Payment Rates

1. Districts must complete the Differential Payment Rate Percent (%) column in the table below for each of the four (4) differential payment rate categories. For the two (2) categories that require a state minimum five percent (5%) differential payment rate, the district must enter “5%” or, if it chooses, a higher rate up to 15%.

The other two (2) differential payment rate categories in the table below are optional. If the district chooses not to set differential payment rates, the district must enter zero. If the district chooses to set a differential payment rate, enter the appropriate percentage up to 15 percent (15%). Note that if the district selects a differential payment rate for nationally accredited programs, then that rate must be in the range of five percent (5%) to 15 percent (15%).

</tr>
</tbody>
</table>
Nationally Accredited Programs: Licensed and Registered Providers

Legally-exempt child care providers are not eligible for a differential payment rate for accreditation.

2. Generally, differential payment rates may not exceed 25% above the applicable market rate or actual cost of care. However, a district may request a waiver from the Office to establish a payment rate that is in excess of 25% above the applicable market rate upon showing that the 25% maximum is insufficient to provide access within the district to child care providers or services that offer care addressing more than one of the differential payment rate categories. However, if your district wants to establish a payment rate that is more than 25% above the applicable market rate, describe below why the 25% maximum is insufficient to provide access to such child care providers or services.

Not applicable

III. Increased Enhanced Market Rate for Legally-Exempt Family and In-Home Child Care Providers

1. The enhanced market rate for legally-exempt family and legally-exempt in-home child care providers who have completed 10 or more hours of training annually is a 70% differential applied to the market rates established for registered family day care. Indicate if the district is electing to establish a payment rate that is in excess of the enhanced market rate for legally-exempt family and in-home child care providers who have completed 10 or more hours of training annually and the training has been verified by the legally-exempt caregiver enrollment agency.

- No
- Yes

2. If yes, indicate the percent (71%–75%), not to exceed 75% of the child care market rate established for registered family day care.

%  

IV. Enhanced Market Rates for Legally-Exempt Group Child Care Programs

Answer both questions:

1. Indicate if the district is electing to establish an enhanced market rate for child care services provided by legally-exempt group child care programs that have prepared an approved health care plan and have at least one caregiver in each classroom with age appropriate cardiopulmonary resuscitation (CPR) certification and the enhanced requirements have been verified by the enrollment agency.

- No
- Yes

If yes, indicate the percent (76%–81%), not to exceed 81% of the applicable market rate for day care centers.

%  

2. Indicate if the district is electing to establish an enhanced market rate for child care services provided by legally-exempt group child care programs when, in addition to the training required in 18 NYCRR §415.4(f), the caregiver has completed an approved course and a minimum of 15 hours
of approved training annually and each employee with a caregiving role completes a minimum of 5 hours of approved training annually and the enhanced requirements have been verified by the enrollment agency.

- No
- Yes

If yes, indicate the percent (76%–81%), not to exceed 81% of the applicable market rate for day care centers.

% 

If a district chooses to establish both legally-exempt group child care enhanced rates and a program is eligible for both enhanced rates, then the enhanced market rate must be based on the percentages selected for each individual market rate, up to a maximum of 87%.

V. Sleep

1. Does the district choose to pay for child care services while a caretaker that works a second or third shift sleeps?

- No
- Yes

2. The following describes the standards the district will use to evaluate whether to pay for child care services while a caretaker that works a second or third shift sleeps, as well as any limitations pertaining to payment:

The district will pay for up to 8 hours of child care services when a sole caretaker parent or both parents (in a two parent household) works 3rd shift and the child/children are not attending school. In a two parent family when one parent is working the 3rd shift and the second parent works 1st shift and the child/children are not attending school, child care services will be provided up to 8 hours for sleep for the parent working 3rd shift.

3. Indicate the number of hours allowed by your district per day (maximum number of hours allowed is eight).

Appendix U: Child Care Exceeding 24 Hours, Child Care Services Unit, Waivers, and Breaks in Activities

I. Child Care Exceeding 24 Hours

1. Child care services may exceed 24 consecutive hours when such services are provided on a short-term emergency basis or in other situations where the caretaker’s approved activity...
necessitates care for 24 hours on a limited basis. Check below under what circumstances the district will pay for child care exceeding 24 hours.

☐ On a short-term or emergency basis
☐ The caretaker's approved activity necessitates care for 24 hours on a limited basis

2. Describe any limitations on the payment of child care services that exceed 24 consecutive hours.

Not applicable

II. Child Care Services Unit (CCSU)

1. Indicate below if your district will include 18-, 19-, or 20-year-olds in the CCSU for determining family size and countable family income.

   a. The district will include the following in the CCSU (check all that apply)

      ☐ 18-year-olds
      ☐ 19-year-olds
      ☐ 20-year-olds

   OR

   b. The district will only include the following in the CCSU when it will benefit the family (check all that apply)

      ☑ 18-year-olds
      ☑ 19-year-olds
      ☐ 20-year-olds

2. Describe the criteria your district will use to determine whether or not 18-, 19-, or 20-year olds are included in the CCSU.

   The district will include 18 and 19 year olds in the CCSU as long as the individual is enrolled as a full time high school student.

III. Waivers

1. Districts have the authority to request a waiver of any regulatory provision that is non-statutory. The waiver must be approved by OCFS before it can be implemented. Describe and justify why your district is requesting a waiver.

   Not applicable

IV. Breaks in Activities

1. Districts may pay for child care services for low-income families during breaks in activities either
for a period not to exceed two weeks or for a period not to exceed four weeks when child care arrangements would otherwise be lost and the subsequent activity is expected to begin within that period. If your district will pay for breaks in activities, indicate below for how long of a break that the district will pay for (check one):

- Two weeks
- Four weeks

2. Districts may provide child care services while the caretaker is waiting to enter an approved activity or employment or on a break between approved activities. The following low-income families are eligible for child care services during a break in activities (check all that are eligible):

- Entering an activity
- Waiting for employment
- On a break between activities
