# Appendix M #1: Reasonable Distance, Recertification Period, Family Share, Very Low Income, Federal and Local Priorities

## I. Reasonable Distance for Public Assistance Recipients to Travel to Child Care and Work

Define "reasonable distance" based on community standards for determining accessible child care.

1. The following defines "reasonable distance":

Describes the maximum reasonable distance defined in time or mileage or both that a Temporary Assistance recipient would be expected to travel from home to work activity with a stop at a child care provider along the way. This information is expressed as a one way, not a round trip.

Public Transportation: In the case of any parent/caretaker/child who uses Onondaga County's Centro bus system for transportation, distance should not exceed 22 miles. This distance represents the average of farthest distances from downtown Syracuse East, West, North and South, which Centro serves in areas where we currently have sites available.

Personal Vehicle: In the case of a parent who uses private transportation, distance should not exceed 30 miles. This distance represents an average of the distance across the north-south and east-west points of the county where again, activity sites are located.

Walking: In the case of any child six years or younger, walking either from home to the provider's location, or from the provider to school or to the school bus, should not exceed more than 1/2 mile. This will hold true for older children with medically documented special needs with the case manager arranging the necessary child care.

2. Describe any steps/consultations made to arrive at your definition:

1. The current listing of work activity sites utilized by Onondaga County's employment and training program, Jobsplus!

2. Examination of the current public transportation system (Centro's) bus line.
3. Discussion of current guidelines used by the Child Care Council of Onondaga County
4. Examination of current travel patterns required for participation in Jobsplus!.

## II. Recertification Period

The district's recertification period for low income child care cases is every:

- Six months
- Twelve months

## III. Family Share

"Family Share" is the weekly amount paid towards the costs of the child care services by the child's parent or caretaker. Your district must select a family share percentage from 10% to 35% to use in calculating the amount of family share. The weekly family share of child care costs is calculated by applying the family share percentage against the amount of the family's annual gross income that is in excess of the State Income Standard divided by 52.

*Note: The family share percentage selected here must match the percentage entered in the Program Matrix in the Welfare Management System (WMS) and the Child Care Time and Attendance (CCTA) system.*

Family Share Percentage selected by the district:

10%

Additional Description of this Family Share Percentage:

10% Family Share is retroactive to April 16, 2021.

*Note: The family share percentage selected here must match the percentage entered in the Program Matrix in the Welfare Management System (WMS).*

## IV. Very Low Income

Define "very low income" as it is used in determining priorities for child care benefits.

"Very Low Income" is defined as **125%** of the State Income Standard.

## V. Federal and Local Priorities

1. The district must rank the federally mandated priorities. Cases that are ranked 1 have the highest priority for receiving child care assistance. These rankings apply to case closings and case openings.

a. Very low income as defined in Section IV:

- Rank 1
- Rank 2
- Rank 3

b. Families with incomes up to 200% of the State Income Standard that have a child with special needs and a need for child care:

- Rank 1
- Rank 2
- Rank 3

c. Families with incomes up to 200% of the State Income Standard that are experiencing homelessness:

- Rank 1
- Rank 2
- Rank 3

2. Does the district have local priorities?

- Yes
- No

If yes, list them below and rank beginning with Rank 4.

Rank 4 - Families with incomes between 126% and 150% of the State Income Standard and not described in the Federal Priorities.

Rank 5 - Families with incomes between 151% and 175% of the State Income Standard and not described in the Federal Priorities.

Rank 6 - Families with incomes between 176% and 200% of the State Income Standard and not described in the Federal Priorities.

## Appendix M #2: Case Openings, Case Closings, and Waiting List

---

### I. Case Openings When Funds Are Limited

If a social services district does not have sufficient funds to provide child care services to all families who are applying, the district may decide to open certain categories of families as funds become available. The district must open federal priorities first. If the district identified local priorities, they must be opened next. **After the federal and local priorities**, identify the basis upon which the district will open cases if funds become available. Select one of the options listed below and describe the process for opening.

- 1. Open cases based on **FIRST COME, FIRST SERVED.**
- 2. Open cases based on **INCOME.**

If opening based on income...

- The district will open cases starting from the lowest income to the highest income.

- The district will open cases based on income bands, starting from the lowest income band to the highest income band.

If using income bands, list the bands, starting from the one that will be opened first:

1st - 100% - 125%

2nd - 126% - 150%

3rd - 151% - 175%

4th - 176% - 200%

3. Open cases based on **CATEGORY OF FAMILY**.
4. Open cases based on **INCOME AND CATEGORY OF FAMILY**.
5. Open cases based on **OTHER CRITERIA**.

## II. Case Closings When Sufficient Funds Are Not Available

If a social services district does not have sufficient funds to continue to provide child care assistance to all families in its current caseload, the district may decide to discontinue child care assistance to certain categories of families. The district must close federal priorities last. If the district identified local priorities, they must be closed next to last. **After the federal and local priorities**, describe the basis upon which the district will close cases if sufficient funds are not available.

**If no priorities are established beyond the federally mandated priorities** and all funds are committed, case closings for families that are not eligible under a child care guarantee and are not under a federally mandated priority must be based on the length of time they have received services (must choose #1 below).

Select one of the options listed below and describe the process for closing.

1. Close cases based on **AMOUNT OF TIME** receiving child care services.
2. Close cases based on **INCOME**.

If closing based on income...

- The district will close cases starting from the highest income to the lowest income.
- The district will close cases based on income bands, starting from the highest income band to the lowest income band.

If using income bands, list the bands, starting from the one that will be closed first:

1st - Families with incomes between 176% and 200% of the State Income Standard and not described in the Federal Priorities.

2nd - Families with incomes between 151% and 175% of the State Income Standard and not described in the Federal Priorities.

3rd - Families with incomes between 126% and 150% of the State Income Standard and not described in the Federal Priorities.

- 3. Close cases based on **CATEGORY OF FAMILY.**
- 4. Close cases based on **INCOME AND CATEGORY OF FAMILY.**
- 5. Close cases based on **OTHER CRITERIA.**

### III. Waiting List

The district will establish a waiting list when there are not sufficient funds to open all eligible cases.

- No
- Yes

## Appendix M #3: Fraud and Abuse Control Activities and Inspections

---

### I. Fraud and Abuse Control Activities

1. Describe below the criteria the district will use to determine which child care subsidy applications suggest a higher than acceptable risk for fraudulent or erroneous child care subsidy payments in addition to procedures for referring such applications to the district's front-end detection system.

The following situations will be referred to FEDS: False address given for provider and/or client; New employer/new earnings not reported to the agency; prior history of denial or case closing(or overpayments) resulting from an investigation; provider violations (e.g. ,improper billing); expenses exceed income without reasonable explanation; client failed to report unearned income; client has previously failed to accurately report income; household composition or other required eligibility information.

2. Describe the sampling methodology used to determine which cases will require verification of an applicant's or recipient's continued need for child care, including, as applicable, verification of participation in employment, education, or other required activities.

*The district cannot use criteria such as the age of provider, the gender of provider, a post office box address, or evidence that the child lives in the same residence as the provider as indicators in drawing the sample.*

The Day Care Supervisor randomly reviews two newly opened child care cases per month per Intake worker selected randomly. The Day Care Supervisor reviews two recertifications per month randomly selected. The Day Care Supervisor's review is a thorough review of the continued need for child care, verification of participation in employment, education or other required activities. In addition, the day care workers review the indicators for referrals to the agency legal division at every 6 month and year recert. Some of the indicators for investigation are low income versus high expense, and conflicting information.

On a regular basis, the JOBSplus! Support Services Team leader is able to review the work completed by child care technical assistants, in which the technical assistant is assigned cases specific to letter of the alphabet of the applicant/recipient's last name. This practice keeps consistent monitoring of the child care needs for the applicant/recipient regardless of employment codes and case status. The Team Leader provides supervisory review of child care cases that close due to employment and any case in which a recipient changes from one provider to another. On a monthly basis, this Team Leader and/or Administrator randomly reviews six to ten cases per month.

3. Describe the sampling methodology used to determine which providers of subsidized child care services will be reviewed for the purpose of comparing the child care provider's attendance forms for children receiving subsidized child care services with any Child and Adult Care Food Program inspection forms to verify that child care was actually provided on the days listed on the attendance forms.

Administered and Monitored by Child Care Solutions. We expect to have a universe of 100 childcare providers that are also in the Child and Adult Care Food Program(CACFP) annually. The administrator of CACFP will send us a monthly report of providers that have had inspections. From this list, we will select 10% of the providers at random to review. We will request the inspections reports and compare them to the billing sheets submitted by the providers. Any provider previously selected will not be included in a subsequent sample for the year.

## II. Inspections of Child Care Provider Records and Premises

The district may choose to make announced or unannounced inspections of the records and premises of any provider/program that provides child care for subsidized children to determine if the child care provider is in compliance with applicable laws and regulations and any additional requirements imposed on such a provider by the social services district per 18 NYCRR §415.4(h)(3).

The district has the right to make inspections *prior to subsidized children receiving care* of any child care provider, including care in a home, to determine whether the child care provider is in compliance with applicable laws and regulations and any additional requirements imposed on such a provider by the district.

The district must report violations of regulations as follows:

1. Violations by a licensed or registered child care provider must be reported to the applicable Office of Children and Families (OCFS) Regional Office.
2. Violations by an enrolled or enrolling legally-exempt child care provider must be reported to the applicable Enrollment Agency.

### Does the district choose to make inspections of such child care providers/programs?

- No.
- Yes. Provide the details of your inspections plan below.

### Check the organization that will be responsible for conducting inspections:

- Local social services staff
- Provide the name of the unit and contact person:*

# Appendix Q: Additional Local Standards for Child Care Providers

---

The district may propose local standards in addition to the State standards for legally-exempt providers who will receive child care subsidies issued by the district. This appendix must be completed for **each** additional local standard that the district wants to implement.

The district must coordinate with the local Enrollment Agency, including, but not limited to:

- Informing the Enrollment Agency of the intent to request an additional standard.
- Developing the stepwise process referenced in Question 5.
- Ensuring that no significant burden of work shall be incurred by the Enrollment Agency as a result of the additional local standard, unless such work is addressed in a separate contract or a formal agreement is in place, which are referenced in Question 3.
- Sharing any consent/release form that may be required.
- Keeping the Enrollment Agency informed of the approval status.

2a. Exceptions: There may be instances when the district may be unable to enact the additional standard, such as, the applicable person may reside outside of the district's jurisdiction, or the site of care may not be located within the district. In such cases, the district may create an exception to the applicability stated above.

*Note: The Child Care Facility System cannot track such exceptions and, therefore, the district remains responsible for notifying the applicable Enrollment Agency, using the OCFS-2114, District Notification to Legally-Exempt Caregiver Enrollment Agency, that an additional standard is "not applicable" to the specific provider/person named on the referral list.*

Place a check mark below to show any exception to the applicability of this Local Additional Standard to programs or roles previously identified.

- a. The district will not apply this additional local standard when the applicable person **resides** outside of the subsidy-paying district.
- b. The district will not apply this additional local standard when the **program's site of care is located outside** of the subsidy-paying district.

## Appendix T: Transportation, Differential Payment Rates, Enhanced Market Rate for Legally-Exempt Providers, Legally-Exempt Programs, and Sleep

---

1. Are there circumstances where the district will reimburse for transportation?

No

Yes

2. If the district will reimburse for transportation, describe any circumstances and limitations the district will use to reimburse. Include what type of transportation will be reimbursed (public and/or private) and how much your district will pay (per mile or trip). Note that if the district is paying for transportation, the Program Matrix in the Welfare Management System (WMS) should reflect this choice.

1. For those individuals required to participate in employment activities a bus pass for the child may be issued if a (a) special need is established or (b) the family's cash grant is insufficient to cover the child's transportation expenses.

2. When determined by the Children's Services Administration that it is essential and no other form of transportation is available for a protective child care recipient, a taxi will be authorized.

### II. Differential Payment Rates

1. Districts must complete the Differential Payment Rate Percent (%) column in the table below for each of the four (4) differential payment rate categories. For the two (2) categories that require a state minimum five percent (5%) differential payment rate, the district must enter "5%" or, if it chooses, a higher rate up to 15%.

The other two (2) differential payment rate categories in the table below are optional. If the district chooses not to set differential payment rates, the district must enter zero. If the district chooses to set a differential payment rate, enter the appropriate percentage up to 15 percent (15%). Note that if the district selects a differential payment rate for nationally accredited programs, then that rate must be in the range of five

percent (5%) to 15 percent (15%).

Differential Payment Rate Category	Differential Payment Rate Percent	Instructions
<b>Homelessness: Licensed and Registered Providers</b> State required minimum of 5%	5%	Enter a percentage (%): 5% to 15%. (Must enter at least 5%)
<b>Homelessness: Legally-Exempt Providers</b>	0%	Enter 0% or a percentage (%) up to 15%.
<b>Non-traditional Hours: All Providers</b> State required minimum of 5%	5%	Enter a percentage (%): 5% to 15%. (Must enter at least 5%)
<b>Nationally Accredited Programs: Licensed and Registered Providers</b> <i>Legally-exempt child care providers are not eligible for a differential payment rate for accreditation.</i>	0%	Enter 0% or a percentage (%) from 5% to 15%.

2. Generally, differential payment rates may not exceed 25% above the applicable market rate or actual cost of care. However, a district may request a waiver from the Office to establish a payment rate that is in excess of 25% above the applicable market rate upon showing that the 25% maximum is insufficient to provide access within the district to child care providers or services that offer care addressing more than one of the differential payment rate categories. However, if your district wants to establish a payment rate that is more than 25% above the applicable market rate, describe below why the 25% maximum is insufficient to provide access to such child care providers or services.

### III. Increased Enhanced Market Rate for Legally-Exempt Family and In-Home Child Care Providers

1. The enhanced market rate for legally-exempt family and legally-exempt in-home child care providers who have completed 10 or more hours of training annually is a 70% differential applied to the market rates established for registered family day care. Indicate if the district is electing to establish a payment rate that is in excess of the enhanced market rate for legally-exempt family and in-home child care providers who have completed 10 or more hours of training annually and the training has been verified by the legally-exempt caregiver enrollment agency.

- No
- Yes

2. If yes, indicate the percent (71%–75%), not to exceed 75% of the child care market rate established for registered family day care.

%

### IV. Enhanced Market Rates for Legally-Exempt Group Child Care Programs

Answer both questions:

1. Indicate if the district is electing to establish an enhanced market rate for child care services provided by legally-exempt group child care programs that have prepared an approved health care plan and have at least one caregiver in each classroom with age appropriate cardiopulmonary resuscitation (CPR) certification and the enhanced requirements have been verified by the enrollment agency.

- No

Yes

If yes, indicate the percent (76%–81%), not to exceed 81% of the applicable market rate for day care centers.

%

2. Indicate if the district is electing to establish an enhanced market rate for child care services provided by legally-exempt group child care programs when, in addition to the training required in 18 NYCRR §415.4(f), the caregiver has completed an approved course and a minimum of 15 hours of approved training annually and each employee with a caregiving role completes a minimum of 5 hours of approved training annually and the enhanced requirements have been verified by the enrollment agency.

No

Yes

If yes, indicate the percent (76%–81%), not to exceed 81% of the applicable market rate for day care centers.

%

If a district chooses to establish both legally-exempt group child care enhanced rates and a program is eligible for both enhanced rates, then the enhanced market rate must be based on the percentages selected for each individual market rate, up to a maximum of 87%.

## V. Sleep

In accordance with SSL 410-w(9), up to eight hours of additional child care assistance must be authorized for all eligible children in a family, as needed, in order to allow a parent or caretaker to sleep, if the parent or caretaker works non-traditional hours, is eligible for and provided with child care assistance, and has a child under the age of six and not in school for a full day.

If the district chooses to expand eligibility for child care assistance beyond the requirements of SSL 410-w(9), in order to allow a parent or caretaker who works non-traditional hours to sleep, please describe below:

Onondaga County will authorize up to 8 hours of child care assistance, as needed, to allow a parent or caretaker to sleep, if the parent or caretaker works third shift, is eligible for and provided child care assistance, and needs child care assistance only for children over six years of age or who are enrolled in school for a full day.

# Appendix U: Child Care Exceeding 24 Hours, Child Care Services Unit, Waivers, and Breaks in Activities

## I. Child Care Exceeding 24 Hours

1. Child care services may exceed 24 consecutive hours when such services are provided on a short-term emergency basis or in other situations where the caretaker's approved activity necessitates care for 24 hours on a limited basis. Check below under what circumstances the district will pay for child care exceeding 24 hours.

On a short-term or emergency basis

The caretaker's approved activity necessitates care for 24 hours on a limited basis

2. Describe any limitations on the payment of child care services that exceed 24 consecutive hours.

19-year-olds

20-year-olds

2. Describe the criteria your district will use to determine whether or not 18-, 19-, or 20-year olds are included in the CCSU.

The district will only include 18, 19, and 20 year-olds in the CCSU if this benefits the family by reducing their family share.

## III. Waivers

1. Districts have the authority to request a waiver of any regulatory provision that is non-statutory. The waiver must be approved by OCFS before it can be implemented. Describe and justify why your district is requesting a waiver.

Facilitated Enrollment Program:

Onondaga County will not use the State prescribed methodology of applying a formula to gross family income above the State Income Standard (SIS). Instead a fee schedule will be utilized. Within a given fee band in the fee schedule, and depending on the family income, the family share percentage will be 10% capped at 17.5% of annual gross family income.

This will only impact families falling in the 200%-275% range

Family co-pay: Waive 18 NYCRR 415.3(e) which requires that each family receiving child care services, with the exception of a family on temporary assistance, pay a family share based on income. This waiver pertains only to families in receipt of child care in lieu of Temporary Assistance, and only for the child(ren) participating in an Early Head Start Child Care Partnership program.

Flexibility in eligibility periods: Waive 18 NYCRR 404.1(d) which requires that redetermination be made not less than every 12 months. This waiver will allow districts to match child care eligibility periods to the Early Head Start Child Care Partnership program period regardless of disruptions in the parent's eligibility. This waiver only applies to the child(ren) participating in an Early Head Start-Child Care Partnerships.

Flexibility in reporting changes in family circumstances: Waive 18 NYCRR 415.3(b) which requires that applicants are responsible for providing accurate, complete and current information regarding family income and composition, child care arrangements and any other circumstances related to the family's eligibility for child care services, and for notifying the social services district immediately of any changes in such information. The waiver would relax the income documentation/verification requirements and revise the redetermination process to relax/eliminate the need for parents to report even small changes in their circumstances that lead to a loss of eligibility for child care. This waiver would pertain if the parent only has a child participating in an Early Head Start Child Care Partnership program.

Pay for enrollment: Waive 18 NYCRR 415.6(b), which districts to elect to make a payment on behalf of children who are temporarily absent. This waiver would pertain only if the parent has a child participating in an Early Head Start Child Care Partnership program. Onondaga County Social Services District will allow up to 14 days of absences per base period of 3 months Only for the Salvation Army and Elmcrest Early Head Start program.

Flexibility in extending day care subsidies for parents who are 19 years old or younger: Waive 18 NYCRR 415.2(a)(2)(iii)(a). This waiver will keep the children of teen parents who are still in school, in the Early Head Start Child Care partnership program full time. Onondaga County will continue to pay day care subsidies during school holidays, breaks and summer vacations.

#### IV. Breaks in Activities

1. Districts may pay for child care services for low-income families during breaks in activities either for a period not to exceed two weeks or for a period not to exceed four weeks when child care arrangements would otherwise be lost and the subsequent activity is expected to begin within that period. If your district will pay for breaks in activities, indicate below for how long of a break that the district will pay for (check one):

- Two weeks
- Four weeks
- The district will not pay for breaks in activities

2. Districts may provide child care services while the caretaker is waiting to enter an approved activity or employment or on a break between approved activities. The following low-income families are eligible for child care services during a break in activities (check all that are eligible):

- Entering an activity
- Waiting for employment
- On a break between activities
