NYS Office of Children and Family Services - Child Fatality Report

Report Type: Child Deceased

Jurisdiction: Orange

Date of Death: 09/30/2014, Date of Death estimated

Age: 16 year(s)

Gender: Male

Initial Date OCFS Notified: 10/01/2014

Presenting Information

On 09-18-14, the subject child ran away from home due to his adult sibling, beating him on a regular basis. The subject child has been acting out and using marijuana. The older sibling beat him as means of discipline. There is reasonable cause to believe that the mother, father and male adult sibling, were aware of this on going situation and failed to protect the child. It is believed that the suicide of the subject child was a direct result of the violence he endured in the home.” The allegations were Inadequate Guardianship and DOA/Fatality against the mother, father, and adult male sibling.

Executive Summary

On 10/1/14, an SCR report was called in alleging that the subject child's death may have been precipitated by abuse or neglect on the part of the child's older sibling. The report also alleged that the parents may have known about this abuse/maltreatment, but failed to prevent it. On 10/1/14, the subject child was found by the local police hanging in an abandoned house from the attic. According to law enforcement reports, subject child utilized tie down cords found in the abandoned home to hang himself. No note was left behind. The allegations were Inadequate Guardianship and DOA/Fatality against the mother, father, and adult male sibling. During the course of the investigation, the family denied any physical abuse. The adult male sibling admitted to hitting the subject child in the face twice two years ago as a means of discipline. The medical examiner did not find any evidence of physical abuse or trauma. During the course of the investigation, CPS interviewed collateral contacts and extended family members however, the subject child's friends were not interviewed. The friends may have had additional information regarding the circumstances of the child committing suicide. The record did note that the friends did not cooperate but it is unclear if the friends did not cooperate with the local police or with DSS. The investigation found that the two younger siblings were safe in the home with the parents. The criminal investigation was closed and the CPS case was appropriately closed and unfounded for lack of credible evidence to support the allegations.
